Sub :- Illegal transfer of Govt. land leased to Tata Steel Ltd. meant for public purposes in connivance with influential persons.

Dear Sir,

You are well aware that as per the tata lease agreement which was renewed in 2005 the lessor i.e. the State Govt. is the prime owner of the land leased out to the Lessee Tata Steel Ltd. for various purposes and classified in 5 schedules. It has become a normal process to illegally transfer valuable pieces of leased land to influential persons in a clandestine quid pro quo basis. There are n number of such examples which has been pointed out by the respective district officials from time to time since 1995 onwards."

One recent example which is talk of the town in Jamshedpur now a days is that of Kadma Food Plaza meant for use of families of Tata steel employees and local residents which in connivance with Tata steel officials has been doled out to the local MLA Mr. Banna Gupta. Mr Gupta demolished the common boundary between his house and the Food Plaza and took the plaza area of 22,500 sq ft. In his possession.

The users of the plaza facilities made written complain to Mr. Vijay Kumar, erstwhile advisor to Hon'ble Governor. Mr. Kumar vide his office letter no. 2099 dated 2.4.2013 ordered the DIG, Kolhan to enquire into the allegations and submit the report. The DIG, Kolhan promptly made enquiry into the complain and submitted a report on 24.4.2013. The MLA bluntly told the DIG during enquiry that he has occupied the plaza land measuring about 0.50 Acres and is ready to face any legal action for it. Unfortunately no action has been taken yet. I am enclosing herewith a copy of the enquiry report of the DIG, Kolhan for necessary action in this regard . the enquiry report is self explanatory .

With best Regards,

Yours faithfully
